4.7. Process for submitting entries and certificates of capability

All entries must be submitted using the HippoBase entry system exclusively, even for disciplines that usually use the FEI entry system. The OC and FEI will regard the data supplied online as the only official entry information (including qualifying results for Certificates of Capability). Any information sent to the OC by email or fax, which could also be entered directly into the online system, will not be accepted.

Existing HippoBase NF accounts can be used as usual. For details and how to get a new account please visit www.equinis.com/Hippobase/Login.

At Entries in Principle stage (March 31st) – NFs must submit their intention to participate with a team and/or individuals in each of the disciplines to entries.normandie2014@hippobase.com. Normandy 2014 will be accessible to NFs in HippoBase only after the OC has received and approved the Entry in Principle. NFs must then execute the CheckIn procedure in HippoBase to ensure they can technically access the entry system. The contact provided during CheckIn will be used by OC and FEI as the official NF contact for any communication on the Games.

At Nominated Entries stage (Endurance – June 24th, all other disciplines – July 21st) – NFs should log into HippoBase and add Athlete and Horse details according to the maximum numbers per discipline detailed above (4.3). At this stage NFs should also enter qualifying results for Athletes and/or Horses according to the qualifying procedures found at <http://fei.org/fei/fei-weg/2014>.

After adding Athletes, Horses and qualifying results in HippoBase NFs must confirm their list as complete. Then the combined documents for Nominated Entries and Certificates of Capability (see 4.4 above) can be generated. Athletes and Horses not listed on this document will not be permitted in the Definite Entries, or be used for any substitutions.

NFs should print, sign (NF President) and stamp these documents for each discipline and then fax to the FEI (+41 21 310 4760) or scan and email each document to the respective FEI discipline departments:

7.2. FEI Code of Conduct for Welfare of the Horse

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition Horses, welfare must take precedence over all other demands. This includes good Horse management, training methods, farriery and tack, and transportation.
2. Horse and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and misuse of aids.
3. Events must not prejudice Horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the Horse for onward travel after the event.
4. Every effort must be made to ensure that Horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their area of expertise.

All Athletes are required to sign the waiver and Chefs d'Equipe are required to submit the form to the National Federations Desk upon arrival. (See [Appendix 2](#))

Insurance

Third-party insurance

All Chefs de Mission, Chefs d'Equipe, Athletes, owners, trainers, team veterinarians (see FEI Veterinary Regulations art. 1011) and their accompaniments are personally responsible for damages to third persons caused by themselves, their employees/grooms, their agents or their Horses. They are therefore strongly advised to take out a third-party insurance providing full coverage for participation in equestrian

events at home and abroad, and to keep this policy up to date. The OC/FEI will NOT be responsible for any damage caused by Athletes, their Horses, NF officials, their employees/grooms or their representatives.

Final Four Horses

The Horses competing in the Jumping Final are insured on standard conditions, death and loss of use for \$1 million per Horse. This policy is a partial insurance coverage for these Horses. If the owners wish to have their Horses covered for a greater sum they should take out an additional insurance policy themselves. NFs may request further detail of the insurance cover provided by the OC.

10. MEDICAL

Medical services will be available on the venue from August 21, 2014 through September 8, 2014. Medical services are provided at the Athlete/NF's expense.

Management of injuries, including transfers to local pre-identified hospitals will be dealt with by the French Medical Authorities, who will be permanently on-site. We advise all NF delegates to contract their own insurance to cover any additional medical costs that may be incurred on French territory.

In order to provide the best possible care, a medical form will need to be completed by all Athletes and will be kept confidential by our Medical Services.

11. VETERINARY AND FARRIERY

Veterinary and farriery services will be available on the venue from August 21, 2014 through September 8, 2014. Veterinary and farriery services are provided at the Athlete/NF's expense. APPENDIX 8 – STABLES SAFETY AND SECURITY

CLOSURE OF THE ALLTECH FEI WORLD EQUESTRIAN GAMES™ 2014 IN NORMANDY STABLES AT NIGHT

FEI Clean Sport measures require stricter control of the stables to maintain integrity and to protect the horses and persons responsible.

The stables at competition venues will be closed each night during the Games period. Generally times of closure will be from 23:00 to 06:00 but this could vary depending on discipline and competition times and will be confirmed nearer the time of the Games. In compliance with the FEI Veterinary Regulations, accredited individuals will only be allowed to undertake FEI Steward supervised visits to their horses during that time. **Please take note that grooms will therefore not be permitted to sleep in the stable blocks overnight.**

A series of measures will be in place to contribute towards ensuring horse health, safety and security is maintained during this period of closure:

- Grooms are all being accommodated a very short distance from the stables.
- There are Veterinary Clinics with experienced night staff on each venue and additional expert Veterinary staff accommodated nearby who will be on call 24 hours per day/7 days per week.
- Experienced teams of FEI Stewards will patrol the stable blocks during the closed hours.
- Full details of all stable visits will be logged and once identified; visitors will be escorted by a FEI Steward during the entire period that they are present in the stables.
- If any concerns arise, the relevant grooms and team vets will be immediately alerted.
- CCTV cameras will be in operation in stable blocks throughout the night (Stade d'Ornano only), monitored by FEI stewards and the Equestrian Community Integrity Unit (ECIU).
- Games security personnel will control the venue area and ECIU personnel will be on site throughout the Games period for additional support and to ensure the integrity of all FEI Competitions.
- Horses with any veterinary issues during the night will be moved to the on-venue Veterinary Clinic for observation and closer supervision, with the groom, team vet and relevant NF personnel being made aware.
- Appropriate fire precautions will be in place and evacuation procedures established and communicated to all concerned.

Although this policy is not aligned with the current article 451.1 of the FEI Dressage Rules, it establishes a consistent approach across all disciplines with the comprehensive measures detailed above being taken to ensure horse health, safety and security is monitored at all times.
